## Study guide

Working method: using this book .....	S2
Getting the most from your computer .....	S3
Computers in the world .....	S4
To trust and be trusted .....	S5
Time to put it all together .....	S6

## Section 1: Hardware and software

<b>1.1 Improving the performance of your computer.....</b>	<b>5</b>
Introduction.....	5
Improving storage.....	7
What is RAID?, Tips for improving your storage	
Improving memory .....	10
Improving bus design .....	11
The system (internal / front-side) bus, External busses	
Improving cooling .....	14
Improving the CPU .....	16
Future developments in computing.....	19
<b>1.2 Choosing the right computer system.....</b>	<b>24</b>
Recommending a hardware solution .....	24
Choosing the right operating system .....	27
<b>1.3 Fixing what's wrong .....</b>	<b>30</b>
Troubleshooting Guide for PCs .....	30

## Section 2: E-communication, social and ethical issues

<b>2.1 Internet security</b> .....	<b>39</b>
Security threats .....	40
Protecting your data and computer .....	41
Firewalls, Encryption	
In conclusion.....	47
<b>2.2 Social networking</b> .....	<b>50</b>
Forms of e-communication .....	50
Purpose of e-communication – categories .....	52
Dissemination of information, Facilitating interpersonal communication	
E-socialisation – being sensibly cautious.....	54
Privacy and security, The ethics of interpersonal e-communication	
In conclusion.....	58
<b>2.3 Trusting data</b> .....	<b>63</b>
Authenticity .....	63
Validity .....	64
Verification.....	64
<b>2.4 Making the world a better place</b> .....	<b>66</b>
Introduction.....	66
What ICT brings to the party .....	66
Where does ICT make the biggest difference? .....	68
Worldwide communications, Improving government efficiency, Research and development, Environmental improvements, Computers and culture	
In conclusion.....	72

## Section 3: Spreadsheets and databases

<b>3.1 Spreadsheets</b> .....	<b>77</b>
Revision .....	77
Functions and formulas, Graphs, Making changes to a spreadsheet, Printing a spreadsheet, Problem solving	
Handy functions and facilities in a practical application .....	80
VLOOKUP function, Goal Seek, PivotTables, Application exercises	
Application exercises .....	87

<b>3.2 SQL: An introduction</b> .....	<b>94</b>
Introduction.....	94
The structure of an SQL statement .....	95
Simple queries with one table .....	96
Queries without criteria, Queries with criteria	
Queries with data from more than one table .....	101
<b>3.3 SQL: Further queries from multiple tables</b> .....	<b>105</b>
Operators for ranges of values and null values.....	105
Calculations in a query.....	108
Using calculations, The use of functions in calculations	
Functions and calculations with Date/Time-fields .....	112
Aggregate functions	
Grouping results.....	115
<b>3.4 SQL: Changing tables</b> .....	<b>117</b>
Deleting records.....	117
Updating records.....	119
Adding records.....	121
<b>3.5 Database design and normalisation</b> .....	<b>126</b>
Introduction.....	126
Database design	
Potential problems/errors .....	127
Insert anomaly, Delete anomaly, Update anomaly	
Normalising a database .....	128
First Normal Form (1NF), Second Normal Form (2NF), Third Normal Form (3NF)	
<b>3.6 Integration</b> .....	<b>140</b>
Introduction.....	140
Converting between file formats – Excel .....	141
Convert a file to a lower or other version of the same type of program, Save as text format with a separator character	
Converting between file formats – Access.....	142
Exporting data from an Access table/query, Converting a database to a lower version, Importing data from a spreadsheet to a table in Access, Importing data from a text file to a table in Access	

# Section 4: Designing solutions

<b>4.1 Designing solutions .....</b>	<b>151</b>
Introduction.....	151
Developing a GUI .....	151
Navigating a program .....	155
Error messages.....	155
Testing and debugging.....	156
Testing a program, Automating the process	
Helping the user out .....	158
Reverse engineering software.....	159
<b>4.2 Test and improve your knowledge .....</b>	<b>163</b>
<b>Appendix A .....</b>	<b>187</b>
<b>Appendix B .....</b>	<b>191</b>
