## Study Opportunities Grade 12 June Examinations

Study Opportunities has drawn up Grade 12 question papers (Paper 1 and 2) and memoranda for the June exams. While it is aimed at schools who use the *Computers, part of your life* series, the Content Framework in the LPG and Sample Papers were studied and compared and taken into account when drawing up the papers, so it should be applicable to any school offering CAT. The papers are set, checked and translated by a team of experienced teachers currently teaching the subject.

The papers will cover all the content except for Modules 2.3 and 3.3 in *Computers, part of your life* – Book 3. Both papers are 3 hours in duration.

### ➔ CAT Grade 12 Paper 1 (Practical)

- The Paper, memorandum and a zipped copy of the data files will be available on the website and blog with passwords by the end of May.
- The data files will be supplied in a zipped format and are in Office 2000 format as this presents the least problems with software compatibility issues.
- Passwords for the Paper and the Data will be made available to participants on 2 June (probably per SMS).
- A password for the memorandum will be made available on 4 June.
- Paper to be written: **Wednesday 4 June**

### ➔ CAT Grade 12 Paper 2 (Theory)

- The Paper and memorandum will be available on the website and blog with passwords by the end of May.
- The password for the Paper will be made available to participants on 4 June (probably per SMS).
- The password for the Memorandum will be made available on 6 June.
- Paper to be written: **Friday 6 June**

**It would be appreciated if teachers could keep the memos confidential for a period of at least a week or two after the date of the exam (Wednesday 4 June), especially Paper 1 as there could well be problems in terms of power outages and a possibility of a need to reschedule the practical paper.**

**The cost will be R125 per paper per school, irrespective of the number of learners.**

**Should you wish to use these papers, pay the amount into our account, complete the entry form and fax it to Study Opportunities (012 546 5313).**
