Study Opportunities Exam Papers

Study Opportunities has drawn up Grade 12 papers (Paper 1 and 2) and memoranda for the Prelim exams. The papers are set, checked and translated by a team of experienced teachers currently teaching the subject. It will be suitable for Delphi and Java users.

The papers will have to be written on the following dates (or, at your own risk, later):

IT Grade 12 Prelim

- ➔ Paper 1 (Practical): Thursday, 28 August 2008
- ➔ Paper 2 (Theory): Friday, 5 September 2008

The **distribution of the papers** will work as follows:

- The question papers and memorandums will be loaded on the website (www.studyopportunities.co.za).
- You will need to download these papers and memorandums yourself.
- Passwords for the papers will be made available by SMS 2-3 days prior to the date of the exam.
- The passwords for the memorandums will be made available on the day of the exams.

It would be appreciated if teachers could keep the memos confidential for a period of at least a week or two after the date of the exam, especially Paper 1 as there could well be problems in terms of power outages and a possibility of a need to reschedule the practical paper.

- 👉 **The cost will be R125 per paper per school, irrespective of the number of learners.**
- 👉 **Should you wish to use these papers, pay the amount into our account, complete the entry form and fax it to Study Opportunities (012 546 5313).**
